New Computer Generated Video

We've created a new **computer-generated video** to aid potential investors and business partners in grasping our vision of the facility.

October 19th Update

Investment Shares \$1 Each

New Board Member

F.L.E. welcomes **Tim Nelson** as its newest Board Member. Tim's background in marketing and project management will greatly add to the continued progress of this new facility. Tim is also a pilot, aircraft owner, and resident of this airport. He is very familiar with the airport and MAC process.

Your help is needed to create this great new facility.

This is your chance to get in on this ground floor development!

Restaurant Partnership

We are now seeking partnership with an existing business in the restaurant industry for the dedicated 20,000 sq ft. portion of

We need your support
Though it may not seem like it, we have come a long way over the few years towards reaching our goal of creating this new facility. The current MAC agreement is a major step in the right direction for our project, but we need support from the

the facility. On Thursday, October 7th, Kathie Jenkins, a food critic from the **Pioneer Press**, released an article regarding our project. This article has generated interest from current restaurant owners and meetings with interested parties are underway. *(Scroll down to Taking Flight to view story)*

New Billboard

A new 4' X 8' billboard has been constructed and installed on the project site. The billboard is located off of the inner airport road, just south of the airport beacon. Potential investors can now seek out contact and share offering information through packets provided at the site.

A Lease Term Sheet

As part of the development agreement, MAC was required to create a lease term sheet for F.L.E. We received a draft of this term sheet and met with MAC staff to finalize the details. This lease term sheet is a bullet point document that provides primary issues regarding our future land lease agreement.

community to continue moving forward. Once we complete the share offering to secure bank financing, we can begin finalizing site development and move on to the construction phase. We realize economic times have changed since we began three years ago and many individuals are keeping their investments to a minimum. However, if you wish to participate in this ground floor opportunity and be a part of this exciting new facility, we ask that you contact us as soon as possible. This project continues to be a community effort and our board is dedicated to seeing it succeed.
